

So you want me to tell you about Jade?

I met her in 1983 at Rice. She was engaged to John at that point. In 1985, she and John decided to date other people. John could not get a date, but Jade and I started to go out. She and I got really serious; however, in the end, she graduated and went and married John.

At the Rice-SS State game, she realized her feelings about me and asked me out later. She is still married to John.

She is the love of my life and has been for 12 years. I can't resist her.

Friday - went out w/ Tamila

Saturday - Flew to San Diego to visit Noelle

Sunday - Drove to Antonio to visit Jade

So, are you a bit + busier these days?

Yeah, our product ships 12/21

Your schedule reminds me of when the breeders advertise their latest "hottest" new stud dogs... "entertaining the girls"

Have fun this weekend!

No dates planned yet... YET.

And there is Paula and Heidi (whom I have not asked out)
